

Thank you for your Ecosheet enquiry

Thank you for visiting us at Ecobuild 2009 and for your further enquiry about ***ECOSHEET – the recycled alternative to plywood.***

First of all, we must apologise that this response has taken some time to send to you – simply, we have been overwhelmed by the level of interest shown in ***ECOSHEET*** and the sheer volume of enquiries received. Although we have been working through these as fast as possible, it has taken a while – so thank you for your patience and understanding.

ECOSHEET offers numerous environmental and operational benefits – and many visitors from the show have therefore come back to us eager for full technical specifications, pricing information and, most of all, for information on availability of product.....

Production of ***ECOSHEET*** is due to commence in June at our new, dedicated 60,000ft² manufacturing facility in Luton – just off Junction 10 of the M1. Shortly before this, we will be publishing detailed technical specifications and prices, together with full information on how and where the product can be purchased.

We will send you this information as it becomes available, as well as publish it on our product website:

www.ecosheet.com

However if, in the meantime, you do have any questions we would be delighted to hear from you on: 0870 710 7109.

Thank you once again for your interest in ***ECOSHEET.***

Yours faithfully,

2K Manufacturing
